FALL HANDICAP MEET.

List of Events and Limits.

This year the Fall Handicap Meet will be held at the new athletic field in Brookline, on Saturday, October 29. This meet is the only handicap meet of the year, and is an excellent opportunity to make a good showing for this year's track team. The 220-yard dash especially, should have a large list of entries from 1907 and 1908, as it affords a preliminary training for the relay race on Field Day. The prizes will be arranged for later. An entry book will be found in the Gymnasium, where any one intending to compete, should sign his name. The following is a list of the events:

110-yard dash, 8 yards limit; 220-yard dash, 15 yards limit; 440-yard run, 30 yards limit; 880-yard run, 50 yards limit; 1-mile run, 100 yards limit; 2-mile run, 200 yards limit; 120-yard high hurdles, 10 yards limit; 220-yard low hurdles, 20 yards limit; high jump, 1 foot limit; pole vault, 2 foot limit; 16-pound shot put, 6 foot limit; broad jump, 2 foot limit; 16-pound hammer throw, 20 foot limit; discus throw, 20 foot limit.

Golf Association.

At a meeting of the M. I. T. Golf Association, Monday, October 10, it was decided to send a team to the N. E. I. G. A. tournament, to be held at Springfield, October 19-22. The team last year won second place, and has good prospects for doing better this year. The association has secured the use of the Newton Centre golf links, one of the best nine hole courses around Boston. After the Springfield tournament, team matches will be made with neighboring clubs. All men interested in golf leave their names for the captain, F. S. Krag, at the Cage.

Mining Engineering Society Smoker.

The first Smoker and Meeting of the Mining Engineering Society will be held at Tech Union, at 7.45 P.M., Wednesday, Oct. 12, 1904. Mr. Benjamin E. McKechnie is to be the speaker for the evening. All Course III men are invited, and it is hoped that all will come out and help make this first meeting a success.

Wednesday, October 12, 1904.

After one of the recent gatherings of Freshmen at the Tech Union, the Cabot Trophy Cup which had been exhibited, was found with the numerals 1908 scratched in two of the wreaths. Whether they were put there with a pencil or with some harder instrument has not been determined. It does not, however, matter much, which; the spirit of the act rather than the actual damage done the cup, is to be lamented.

The Trophy Cup has come to be reverenced because many Tech men have striven manfully, and with an honorable ambition, to give to their class the right to have engraved upon it their numerals. That there should be at the Institute a person who would so far forget himself as to offer such an indignity to the Trophy, and thereby insult all who have, or will, contest in Field Day, is astounding. No one would for a moment consider the matter as a reflection on the Freshman Class as a whole, but it would, nevertheless, be reassuring to have some formal action from 1908.
